

## 2015 WORLD CUP RECORDS & STATISTICS

The 2015 FIT World Cup will long be remembered as the one that nearly washed away! Hit by a storm cell late on day 2, FIT & TFA staff were forced to cancel a days play, before re-formatting the remainder of the competition to ensure the best teams had the best opportunity to progress through to the finals.

It was a marvelous effort by all involved - and when the sun shone brightly on Finals day - all was (mostly) forgotten, and the event concluded in a manner befitting a spectacular World Cup championship.
